ARLINGTON COUNTY BOARD
Resolution concerning the "Citizens United" case
and the threat to free and fair elections

WHEREAS, We the people adopted and ratified the United States Constitution to protect the free speech and other rights of individuals, not corporations; and,

WHEREAS, the United States Supreme Court's decision in *Citizens United v. Federal Election Commission* overturned longstanding precedent prohibiting corporations (and unions) from spending general treasury funds in our elections; and,

WHEREAS, *Citizens United v. Federal Election Commission* and related federal court decisions have unleashed a torrent of money in our political process unmatched by any campaign expenditure totals in United States history; and,

WHEREAS, *Citizens United v. Federal Elections Commission* and related federal court decisions present a serious and direct threat to our nation's republican democracy, while standing in direct contrast to our local Arlington commitment to good government, civic and civil discourse, and broad participation in local decision-making; and,

WHEREAS, Article V of the United States Constitution empowers and obligates the people and states of the United States of America to use the constitutional amendment process to correct those egregiously wrong decisions of the United States Supreme Court that go to the heart of our democracy and republican self-government; and,

WHEREAS, the people and states of the United States of America have strengthened the nation and preserved liberty and equality for all by using the amendment process throughout our history, including erroneous Supreme Court decisions; now, therefore,

BE IT RESOLVED that the County Board of Arlington, Virginia commends the efforts of Congressmen James P. Moran and Gerald E. Connolly to address this issue; and,
